BACHELOR OF SCIENCE Degree Completion Program
Criminal Justice Major

NAME _____ STUDENT ID _____ DATE _____

Applicants with an associate of arts or an associate of science from an Alabama community college will be able to use their degree to satisfy all general education requirements for the program. Regardless of how many credits were earned during the course of the two-year degree, students will still be required to complete 68 credit hours for the award of their baccalaureate degree from Samford.

Samford's Bachelor of Science in criminal justice degree completion program allows working adults the opportunity to develop the knowledge, skills and abilities necessary for employment or career advancement in this growing field. Our core curriculum follows national standards for best practices in criminal justice education. As a student in this program, you will learn the fundamentals of the American justice system, with an emphasis on real-world application as well as critical theory.

The calculations of progress towards graduation on this evaluation must be approved by the Student Records Office and, therefore, are considered unofficial. The student is responsible for monitoring and meeting all requirements for graduation. However, this may be used as a guide to approximate academic progress. Refer to the course descriptions in the university catalog to determine if prerequisites are required for any given course.
