- I. Comments from Sandley and Baldwin. Sandley extended an offer from the Executive Council to help with information; he asked the committee to think “boldly” in re-defining ourselves. He asked that we consider an assessment package that would facilitate rather than gate-keep. He would like to see multiple models brought before Faculty Senate. We discussed formalities of changing the program and asked the Executive Council to clarify such procedures for all committees.
- II. Began review discussion. Accompanying spreadsheet summarizes that discussion. Each member will review 2-3 peer institutions as defined by the Provost's Office.
- III. Next meeting will be **Oct. 25, 10am.**
