

BlueCard Worldwide[®] Destination Guide

**BlueCross BlueShield
Association**

An Association of Independent
Blue Cross and Blue Shield Plans

Useful Tips

When you need health care outside the U.S., follow these simple steps:

1. Always carry your Blue Cross and Blue Shield identification card.
2. Check with your Blue Cross and Blue Shield Plan before leaving the U.S. because your health care benefits may be different outside the U.S.
3. If you need emergency medical care, go to the nearest hospital. Call the BlueCard Worldwide® Service Center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177 if you're admitted.
4. If you need non-emergency medical care, you must call the BlueCard Worldwide® Service Center. The Service Center will facilitate hospitalization at a BlueCard Worldwide® hospital or make an appointment with a doctor. It is important that you call the BlueCard Worldwide® Service Center in order to obtain cash-less access for inpatient care. The Service Center is staffed with multilingual representatives and is available 24 hours a day, seven days a week.
5. Call your local Plan for pre-certification or prior authorization, if necessary. Refer to the phone number on the back of your ID card.

Claim filing and payment information:

- | For inpatient care at a BlueCard Worldwide® hospital that was arranged through the BlueCard Worldwide Service Center, 1.800.810.BLUE (2583), you only pay the provider the usual out-of-pocket expenses (non-covered services, deductible, co-payment and co-insurance). The provider files the claim for you.
- | For all outpatient and professional medical care, you pay the provider and submit a claim. You may also have to pay the hospital (and submit a claim) for inpatient care obtained from a non-BlueCard Worldwide® hospital or when inpatient care was not arranged through the BlueCard Worldwide® Service Center.
- | To submit a claim, you complete an International Claim Form and send it to the BlueCard Worldwide® Service Center.
