Happy Spring!

As we progress towards the May 1 National Decision Deadline we are filled with gratitude for the support you have shown for Samford University and your students. Samford recently celebrated its 9th consecutive year of record growth and our Class of 2022 already looks like another record-breaker. We’re eager to work with you to make Samford possible for your families.

This spring we have some special events for family members - Admitted Student Day, Junior Preview Day and Summer Programs. We want to equip you to encourage your students to attend these events based on their school year and academic interest. Students may register on their application status page. The webpage is your resource to track admission and enrollment decisions for all your students who have applied to Samford.

These rankings further affirm Samford’s value, affordability and academic stature - Samford President Andrew Westmoreland.

Admitted Student Day
Friday, March 9
Do you have students admitted to Samford who are unsure of their college decision? We create a day packed with fun, facts and food trucks to help students decide on the next four years. Encourage admitted students to attend this day on campus!

Junior Preview Day
Saturday, April 28
Junior Preview Day gives students a chance to explore campus with student tour guides, talk with students and faculty in their academic interest and meet other prospective students as they envision life at Samford. This event always fills up so quickly! Let your juniors know registration opens in early March.

Summer Programs
We have a fun-filled summer ahead with many programs for many ages. We host multiple camps each summer for high school students, including a sneak peak of the Samford Fellows program, music and worship, pharmacy and the sciences.

Nationally Ranked
Samford University is top-ranked in Alabama and among the top 50 private universities nationally in a prestigious annual ranking of the best value colleges and universities. Kiplinger’s Personal Finance recently released the 2018 Kiplinger’s Best College Values.

Samford University is an Equal Opportunity Educational Institution/Employer.
