***Math/Science and Social Science:** Students should complete a Change of Academic Program form to declare a pre-health professions track in order to receive academic advising regarding the sequence of courses and additional recommended coursework, if applicable. The pre-health courses are included in the first three years so that students can apply to graduate programs the summer before senior year begins.

%% Students may also choose to add CHEM 312/313 to their course sequence for MCAT preparation

** Class Piano: If piano proficiency is met, the student will replace the credits with music performance electives to reach a minimum of 4 credits of supplementary performance credits.

Course Rotations:

CHEM 207/208- offered Spring semesters only

CHEM 350- offered Fall semesters only

This chart is designed to assist in the advising process only; it is not the only possible sequence of courses. It is the student's responsibility to select and register for courses after consulting the degree requirements in the university catalog, reviewing the availability of courses in Banner, and meeting with the academic advisor each semester.
