## **Robert Musante**

**Robert Musante** is the nation's foremost teacher of deposition cross-examination. He has taught the logic essential to taking great adverse depositions - of fact witnesses and experts - to more than 50,000 litigators in 43 states. He has made in-house presentations to the attorneys-general of 11 states and to the partners and associates of 100+ litigation law firms.

A willing-to-lie witness at deposition, perhaps coached by an unethical attorney, often attempts to avoid Scylla & Charybdis by claiming a lack of knowledge or lack of memory. As all experienced litigators well know, these claims are the all-time, every-case, toughest answers to prove are lies.

Much of the videotaped Q&A used to illustrate the presentation's scores of teaching points comes from two Bill Clinton depositions (the Paula Jones case & the Kenneth Starr "case"), but there are additional "guest witnesses," such as Brian Williams, Alberto Gonzales, Anita Hill, Bill Gates, George Bush, Lynn Westmoreland...with Hillary Clinton and Donald Trump making cameo appearances.
