FALL 2023 – SPRING 2024 ESTIMATED COST OF ATTENDANCE FOR GRADUATE PROGRAMS

The Cost of Attendance is used to determine eligibility for federal student aid. Amounts reflect the estimated costs for a typical student in your program of study. To view the cost of attendance budget that has been used to determine your aid eligibility, please visit your account in the Samford Portal.

It is important to understand that the cost of attendance includes both direct and indirect costs associated with your program at Samford University. Indirect costs are estimates of expenses that you might incur while attending Samford University. Direct costs (tuition and fees) are based on typical enrollment in your program of study. The total cost of attendance may not be an accurate reflection of the true cost of your enrollment. To view your specific costs, please visit your financial account in the Financial Portal.
