

**Taxation of Non-Profit Organizations
Pre-requisite / Co-requisite Waiver Form**

To register for Taxation of Non-Profit Organization at Cumberland School of Law, students must have successfully completed Federal Income Tax I (Law 668).

In appropriate circumstances a student may register for Taxation of Non-Profit Organizations without having completed Federal Income Tax I PROVIDED the professor gives his/her approval. Because Taxation of Non-Profit Organizations assumes knowledge of Federal Income Tax I, students who take Taxation of Non-Profit Organizations without the required pre-requisites may be at a disadvantage

In order to register for Taxation of Non-Profit Organizations without having completed Federal Income Tax, a student must:

- (1) sign the form, acknowledging that he/she understands the warning set forth above;
- (2) have the professor sign the form indicating the professor's approval; and
- (3) submit the completed form to the Office of Law Student Records.
