Leeds United F.C. Fans in South America

Methodology

- The Center for Sports Analytics at Samford University analyzed the social media content of 547,000 followers of the official Leeds United F.C. Twitter account in August of 2020. Our analytics tool, powered by Affinio, unearthed fan psychographic and demographic insights utilizing machine learning and artificial intelligence.
- Utilizing an interest based clustering approach, we found that approximately 7% of all followers of Leeds United F.C. on social media fall into the "Moderate to Hard Core Leeds United F.C. Fans in South America" cluster. These people closely follow Leeds United F.C. news sources, self describe on social media as Leeds United F.C. fans, and regularly talk about Leeds United F.C. on social media. This cluster does not include people that live in South America who casually follow Leeds United F.C.
- The vast majority of people in the "Moderate to Hard Core Leeds United F.C. Fans in South America" cluster live in Argentina.
- The Center for Sports Analytics will be publishing insights on additional clusters of Leeds United F.C. fans in the coming weeks including Leeds United F.C. fans in the United States, South Africa, etc.
